CITY OF SHELBY

Dear Mr. Bonderud,

In accordance with 61-3-474 (5)(b) MCA, Montana specialty plates that have sold or renewed fewer than 400 sets in the 12-month period immediately preceding the third year of the initial distribution date of that plate, may be at risk of revocation by the Montana Department of Justice-Motor Vehicle Division (MVD).

According to MVD records, the City of Shelby has sold 245 plates since December 2004 or earlier. You will have until December 31, 2008 to reach the minimum requirements of Montana law to sustain the production and issuance of the City of Shelby plate. If the minimum requirements are not met by December 31, 2008, the City of Shelby plate will no longer be produced or issued and the donation fee will no longer be collected for the organization.

This letter serves as an official notification. There will be no other reminders sent from the MVD. If you have any questions or concerns please contact Joann Loehr, Title and Registration Bureau Chief at 406-846-6000.
